

RAILROAD WORK
VERY EXACTINGE. H. Harriman Gives His
Views on College Training
as Necessary Preparation.

New Haven, Conn., Jan. 16.—Edward H. Harriman has written for the Yale Daily News his views of college training as preparation for railroad work. He said in part:

"A college education will be a great help if the man in going through college has kept the foundations of his school training firmly fixed. On the other hand, if he has neglected his handwriting and forgotten his arithmetic in the higher mathematics, nothing could be worse for him."

Disadvantage at First.

"This college education is, in the beginning, a real disadvantage, and I have found that in every case the high school does better work than the college man for the first few years. However, as soon as the college man has gotten back to the first principles he will go ahead much faster than his less educated rival. His mind is, naturally, better developed and more capable of grasping the fine points of the business. On the other hand, the high school boy, being younger, is more adaptable and forgets his arithmetic in the higher mathematics, nothing could be worse for him."

Must Start at Bottom.

"No matter how well educated a man may be, he must start in railroad work at the very bottom. It is the hardest life I know of and yet one of the most pleasant. It cultivates an insight. It teaches a knowledge of men and in this way is the best training for any profession. A man can never carry a man far in railroad work. It is hard work and application that counts. My advice to the college man expecting to enter railroad work and hoping to have an easy life is, 'Don't'; but to the man who does not mind the hardest kind of work, who will not quit under disappointments, and who wishes to have the most interesting sort of a career, is, by all means, 'Do.'"

—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Me.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pain, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

Sandermon, told me you had cured her, and I wrote to you and began your treatment with some doubt as to its success. I treated three months, and was completely cured and have not had any trouble since. I feel happy to say you cured me and I shall always advise others to go to you for I know you will treat them right and cure them."

BEAUTIFUL WOMEN
RELY UPON
Newbro's
Herpicide

Pilar Morin, the strikingly beautiful Parisian actress, of whom America's leading theatrical manager says: "I consider her the greatest actress in her line in all the world," writes as follows:

"NEWBRO'S HERPICIDE is the most delightful hair dressing that has ever come to my notice. It prevents the hair from falling out, does away with dandruff and gives the hair a beautiful luster."

Cordially yours,
(Signed) PILAR MORIN."

The fact that leading Parisian women prefer Newbro's Herpicide is certainly conclusive evidence of its superiority.

Beautiful, glossy hair, full of snap and life, is just as essential to a beautiful face as is the frame around a beautiful picture.

Nature does not permit every woman to have a great or unusual abundance of hair, but every woman who has reasonably good health may have beautiful hair if she will give it some care and attention.

First of all she must constantly strive to keep it free from the invisible, vegetable growth (the dandruff germ) that causes dull, brittle and lusterless hair with, later, dandruff, itching scalp and falling hair.

It will not stain or dye.

Herpicide contains no grease.

Send 10 cents in stamps to THE HERPICIDE COMPANY, Dept. 2, Detroit, Mich., for sample and booklet.

Two Sizes—50 cents and \$1.00. At all Drug Stores. When you call for HERPICIDE, do not accept a substitute. Applications at prominent Barber Shops.

SMITH DRUG CO., DRUEHL & FRANKEN, Special Agents

The only rational remedy for this purpose is NEWBRO'S HERPICIDE, the original remedy that "kills the dandruff germ." In addition to its germ destroying power, it is the most exquisite hair dressing in the world, for no other substance tends to beautify the hair as does HERPICIDE.

A TRUE BEAUTY TEST FOR WOMEN.

Just begin the intelligent use of HERPICIDE in secret and see how quickly your friends will notice the improvement in your hair.

Stops itching of scalp.
